

Some Essay

Hansen Wu

November 29, 2016

Abstract

This essay is to inform you of subject “Hansen Wu”, a completely uninteresting person [1].

1 History

Attended grade school in the Bay Area. Started at San Jose State University as a freshman. Learned languages in the following order:

1. English
2. Chinese
3. Java
4. MIPS
5. C++
6. Python
7. SQL
8. C
9. Lua

2 Academic and Career Goals

Hansen’s interests are in web apps and networks, and the security involved with it, specifically offensive security. His professional goals are to build expertise in these subjects, and eventually work as a pentester, as part of a red team, or discovering sweet 0-day vulnerabilities in the wild. Topics he’s aiming to do and specialize in:

- Web Apps
- Network Security
- Offensive Security
- Big Data & MapReduce
- World Domination [2]

3 Hobbies and Interests

His interests include those mentioned in Section 2. He also has a lot of interests outside of school, including bicycling, contemporary history, algorithmic trading, and pretending to be a fox.
